Tariff Consultancy

Our Tariff Consultants explore every possible avenue to legally save money on import duty and GST. From small single imports through to large scale industrial projects, Novis Logistics is committed to providing a cost effective and competitively priced service.

Historically, we have saved clients more than 85% in import duty liability.

Novis Logistics' tariff consultants professionally handle:

- Tariff Classification
- Import Duty Rates
- Excise Rates
- Prudential and Customs Audits
- Free Trade Agreements
- Tariff Concession Order (TCO) Scheme
- Duty, Excise and GST Refund Applications
- Customs Bond Store Applications and Operation
- Dumping Formalities
- Australian Trusted Trader Programme

We can also undertake audits of past import shipments to ensure that no opportunities to legitimately reduce import duty or tax liability have been missed by other customs brokers. Where this has happened, our team frequently succeeds in securing large refunds.

Our initial consultation is free of charge and we can usually give you an immediate opinion of the likely success of any application we make. We are successful in over 90% of the applications we submit for our clients. Thus the savings from duty minimisation and tax, typically far outweigh our tariff consultancy professional fees.
